

MSTAR Application
Personal Statement

In your statement, describe your past experience, expectations for the program, future goals, and other important information you would like to convey to the review committee. The personal statement should address your interest in geriatrics or aging research, discuss how this interest is related to the above-listed honors, activities, and courses, and explain why you are interested in this program in particular. This portion of the application is weighted heavily by the review committee. Please be succinct, but provide enough detail to describe your interest (maximum of 750 words).
