# UCSD Summer Research Symposium 2023

UC San Diego
Center for Healthy Aging
Stein Institute for
Research on Aging

On January 26th 2023, UC San Diego School of Medicine second-year students presented their summer research projects amongst peers, faculty and staff. Among these presenters were some of our former MSTAR (Medical Student Training in Aging Research) Program. We are so proud!
Former MSTAR Student, Teini Elisara and her mentor, Dr. Alison Moore with their Poster Presentation, "Attitudes, Behaviors, and Knowledge Regarding Sun Protection and Melanoma Among Native Hawaiians and Pacific Islanders in San Diego."

Former MSTAR student, Sophie Dickinson and fellow researchers, Annika Carson and Valerie Palmer in front of their Poster Presentation "Assessing the Impact of Medi-Cal Expansion on UCSD Student-Run Free Clinic Project."

The four UCSD 2nd year medical students with oral presentations for the Summer Research Symposium included Bao Luu (former MSTAR student), Carson McCann, Sophia Sidhu, and Andrea Yessaillian. Congrats!!

Dr. Zlatar received her PhD in clinical psychology from the University of Florida, with a focus on adult neuropsychology/geropsychology. She completed her APA-accredited clinical psychology internship at the University of California, Los Angeles (Semel Institute for Neuroscience and Human Behavior), focusing on the neuropsychological assessment of older adults and Spanish-speaking adults. She then completed a postdoctoral fellowship in neurocognitive aging at the University of California, San Diego with an emphasis on imaging the neural substrates of physical activity in older adults. She is a faculty member in the Department of Psychiatry at UCSD, where she develops lifestyle interventions to promote healthy brain and cognitive aging with diverse samples.
